D. E. O'KEEFE……EDITOR AND PROPRIETOR

REPUBLICAN TICKET.

FOR PRESIDENT
THEODORE ROOSEVELT
of New York.

FOR VICE-PRESIDENT
C. W. FAIRBANKS
of Indiana.

For Congress—Fifth District:
E. A. HAYES.
For Joint Senator:
S. H. RAMBO.
For Assemblyman:
R. H. JURY.

For Supervisors—
First District—Julius Eikerenkotter.
Third District—John MacBain.
Fourth District—Antone Joseph.

Hayes' majority for Congress in this county is put down at 550.

Do you want to swap horses while crossing Prosperity's stream?

Rambo and Jury will be a good team in the Legislature vote for them.

Republicans control of the next House is very important. Vote for Hayes.

A vote for the straight Republican ticket is a vote to continue prosperity.

S. H. Rambo will carry the county by 500 and Jury's majority is placed at 900.

San Mateo County will give Roosevelt and Fairbanks a majority of 850 in November.

Don't disturb the interests of the country for a political party, if results are being accomplished.

John MacBain is a successful builder of houses he will also make a good road-builder. Vote for him.

A vote for Antone Joseph in the Fourth Township is a vote for economy and a vote in the interest of the taxpayer.

Do not jeopardize your country for a selfish motive, or through political prejudice which you might regret when too late.

A vote for John MacBain is a vote to place an honest, capable, man in office. MacBain for Supervisor is the Republican slogan.

The people of the First Townshiw have had a splendid Supervisor in Julius Eikerenkotter and they are not going to make a change.

John MacBain is a winning canvass for Supervisors. His friends are already figuring how much his majority will be.

Republicans must not forget, in their enthusiasm for the National ticket, to look out for the contestants for Congress, Senate, Assembly and Board of Supervisors.

John MacBain, Julius Eikerenkotter, and Antone Joseph will be elected without doubt. It's only a question of how much their majorities will be.

President Roosevelt has handled the reins of government in a masterly manner. The people are satisfied and he will be elected in November.

Julius Eikerenkotter has been an energetic, painstaking official, and the voters of the First Township should see to it that he is elected Supervisor.

Antone Joseph is an all-round, good fellow. The tax-payers of the Fourth Township will never regret if they elect them Supervisor.

The best constitution that the wit of man has ever devised, the best institutions that the ablest statesmen in the world have ever reduced to practice by law or by custom, all these shall be of no avail if they are not vivified by the spirit which makes a state great in making its citizens honest, just and brave.

R. H. JURY.

R. H. Jury, the nominee for the Assembly would, if elected, honor the County by his presence in the Assembly of the State. He is a young man of fine presence, sound statesmanship, and his wide experience in business and political affairs would make him a leader of that body. Mr. Jury has been identified with the interests of San Mateo County for many years and if the people select him for their representative he will work unceasingly for their welfare.

R. H. JURY.

JULIUS EIKERENKOTTER.

Julius Eikerenkotter, the nominee for Supervisor in the First Township, has made a good Supervisor during the four years that he has been a member of the Board. No member of that body has looked after the interests of his constituents better than he. Mr. Eikerenkotter is a hard worker and carefully watches the expenditures of money. The roads and bridges in his district are in good condition. Probably there are no better in the county. The people of the First Township could do no better than re-elect Julius Eikerenkotter. Owing to his experience, gained by one term in office he is well qualified to render splendid service for the next four years.

JOHN MacBAIN.

John MacBain is the Republican nominee for Supervisor in the Third Township. He has been a citizen and property-holder of the county for upwards of twenty five years and bears a first-class record as a man of genuine public spirit, integrity and high business as well as undinted political principle. A man of character, and social status, deserves warm public recognition. He seeks not the office for pecuniary gain or profit, but has come forward at the call of the influential men of the township—men who know him to possess the energy, ability and intelligence to fill the office to the satisfaction of all. Integrity, public spirit, courage, and a high order of intelligence, are Mr. MacBain's leading characteristic.

ANTONE JOSEPH.

The Republicans of the Fourth Township made a good selection when they nominated Antone Joseph of Halfmoon Bay for Supervisor. He is an old resident of the township, well acquainted with its needs; is a believer in good roads, and if elected, and he surely will be, the thoroughfares in his district shall receive his closest attention. Mr. Joseph is a very popular young man and will receive the support of the electors irrespective of party affiliations. Being a man of influence he seeks the office not for what there is in it, but for the purpose of giving the people good roads and keeping same in repair. If the electors of the Fourth Township know what is for the best interests they will vote for Antone Joseph for Supervisor.

A MALICIOUS ATTACK.

The malicious attack of the San Francisco Examiner upon Judge Troutt who is a candidate for reelection is contemptible and mean. It is made on the eve of election to defeat him and elect its candidate, one White. Judge Troutt has been an honest, impartial Judge, fearless in the discharge of his judicial duties. He has made one of the best Judges San Francisco ever had and the people should place the seal of disapproval on the Examiner's attack by giving him an overwhelming majority.

James Fayen and Gus Mullen, who have been with the company here will go to Palo Alto and continue with the firm. The Palo Alto Hardware Company is a successor to N. B. Graves, who established a hardware store here some ten years ago, which he sold last summer. When Mr. Allen bought Mr. Graves' interests he also organized a company in Palo Alto. Business has come in such large measure to the Palo Alto store that Mr. Allen was unable to give the local branch sufficient attention. He therefore decided to close the place.

UNIVERSITY DEBATES.

The Stanford Team Will Be Selected at the Tryout on December 3.

The recent drawing for the Freshman and Sophomore tryout debates at Stanford University showed two old Sequoia debaters and four others who have striven for supremacy against the local hig hschool among those trying for the class teams.

The Sophomore squads consist of twenty-seven candidates for the their debating team which will be selected at the tryout upon December 3. The three best debaters will be chosen upon this date after all have been given an opportunity to speak. The selecting will be made entirely upon individual effort. Lee Ross, Sequoia '03, is a member of Squad C. His question is: "Resolved, That It Is Not Advisable to Grant Immediate Independence to the Phillippines." Ross will be heard on the affirmative. Another candidate for the second year team is W. J. Maloy of the San Jose High School. Maloy debated against Campbell the year Sequoia met the University of the Pacific. Incidentally the Sequoia team was classed above the San Jose debaters by the league judges.

The Freshman Debating Squads have narrowed down to seventeen candidates. Among the foremost of these are Gerald C. Halsey of Sequoia's late graduating class, Cortez W. Sheldon and A. L. Hocher of San Jose High, and L. Newlands and E. Lakin of Palo Alto. Singularly enough both the Palo Alto High debaters were defeated by Halsey in a spirited contest here last year. Sheldon has bumped up against Sequoia at least twice and was defeated both times. Once in a contest between Palo Alto and Sequoia held in this city and again when he was a debater for San Jose the time the high school went down to defeat in a great contest with Sequoia three years ago.

A NEW COMMERCIAL BANK.

The Directors Will Erect a Handsome Two-Story Building.

The officers of the Savings and Trust Company of San Mateo County organized as a commercial bank last Saturday and were on Wednesday granted a license to conduct a commercial banking business by the California State Board of Bank Commissioners. The officers of the new financial institution are also the officers of the savings department. They are:

President, George R. Sneath; vice-president, William Hughes; secretary and manager, Charles E. Dugan; cashier, L. B. Thomas. The above named officers with the following gentlemen constitute the Board of Directors: S. E. Slade and Richard Stevenson of Fair Oaks, Hugh McArthur of Woodside, James T. Casey of Colma and Thomas Hind of Redwood City. Its capital stock is $25,000, one-half of which is paid up.

The directors then decided to purchase the property on the northwest corner of First and A streets where they will erect a handsome two story building which will be a great improvement for the town. The building will probably not be commenced until the first part of the year, as Mr. Anderson who occupies the building now on the property will be allowed to remain until he secures a place into which to move.

FLOWER SHOW A SUCCESS.

The Splendid Collection of Beautiful Plants Are Unsurpassed.

The Slade Silver Cup Is Now the Property of J. B. Coryell Having Won It Twice.

The Menlo Park Horticultural Society is just now filled with pride, and with good reason, for its second Fall show which opened October 21 and 22, was the best in its history. First, because of the largest display; second, on account of the general excellence of all the entries, and again, it excelled in the perfection shown in quite a number of specimen plant exhibits which could not be equalled anywhere else. The mammoth tent which the society purchased for the event was filled to overflowing with the choicest plants and flowers of the wealthy residents of Menlo and Burlingame. At the main entrance the grand display of green house plants from the conservatories of S. E. Slade were greatly admired. They were all in splendid condition and reflected great credit on the gardener, George Nunn. Adjoining this exhibit on the right was a splendid lot of palms shown by Timothy Hopkins of Menlo. This exhibit was awarded first prize for palms. Next came the prize winning collection of Mr. Joseph B. Coryell. A. McDonald, the gardener, at this place certainly made a splendid effort and this collection was awarded the Holbrook Silver Cup. At the rear of the tent was a magnificent lot of chrysanthemums grown in pots from J. B. Coryell. They were splendidly grown and greatly admired and carried off the Slade Silver Cup. This makes the second time that this same exhibit has carried off this cup and it now becomes the property of Mr. Coryell. The magnificent display of mums in pots from C. W. Smith were admirably staged by the grower, Thomas McIntyre. Considering that this was Mr. McIntyre's first effort in potted mums he must be gratified at his splendid result. Adjoining this space was Timothy Hopkin's exhibit of outdoor roses. This was also awarded first prize. George Nunn of Slades and F. Mills of Palo Alto were the only exhibitors of carnations. Mr. Mills received first and Mr. Nunn second prize. Next was a splendid collection of some twenty large vases of mums from P. C. Meyers & Co. of Burlingame in charge of Thomas Breen. This also received first premium. C. W. Smith, Thomas McIntyre gardener, next showed the finest vase of mums in the show. They could hardly be better grown and were the center of attraction. They also received first for best novelty, best vase of yellow, best vase of white, and first for the largest and best collection of orchids. George Nunn received first for the best vase of red in the show and also for the best collection in one vase. In begonias Mr. Coryell was first and S. E. Slade second. Goerzlain Bros. of Redwood City showed three vases of remarkably well grown mums and were awarded first premium for the best vase of yellow grown under glass. Next came the exhibit of Mrs. George A. Batchelder of Fair Oaks. They were very artistically arranged and well grown. This lot was for exhibition only. James Bruce Jr. received the George Nunn prize for school children, and Harry Dick first prize for cottages. Mr. Dick's flowers were remarkably well grown. Next were more cut mums from Mr. Mills and P. C. Meyer & Co. Mrs. William Boyd Weir of Menlo showed a splendid lot of seedling dahlias, not for competition. The display of dahlias by D. O. Tuttle of Menlo was a surprise and was indeed one of the features of the show. This was his initial attempt and no doubt he will be heard from again. The dahlias shown by George A. Pope of Burlingame came next. As usual the dahlias from this place captured most of the first prizes except for cactus dahlias which was awarded to Mr. D. Tuttle. At the left of the entrance was a fin lot of decorative plants shown by Frank Mills. Opposite was the splendid collection of potted mums the exhibit of S. E. Slade. This lot was not for competition. Next also on the left was a magnificent specimen of cycos revoluto exhibited by Timothy Hopkins. This was awarded for the finest specimen in the show. Then came the magnificent collection of decorative plants by Mr. Coryell which was awarded the Coryell Silver Cup. A. McDonald, gardener to Mr. Coryell, certainly should feel proud of the results of his efforts at this exhibition. He also won two first prizes for roses under glass. S. Clack won first for a splendid vase of Liberty rose. The show closed Sunday afternoon after enjoying very liberal patronage. Too much praise cannot be given the president of the society, Sidney Clack, for his untiring efforts in making the show the success that it was. They are certainly fortunate in having the services of a man of such wide experience as Mr. Clack. James T. Lynch, secretary of the society, also was untiring in his efforts in making the exhibition a success.

ANOTHER PIONEER AT REST.

Wm. W. Hull of San Carlos Passes Away at the Age of 83.

Wm. W. Hull, one of the oldest residents of this section, passed away at his home in San Carlos Thursday at the age of 83 years. Mr. Hull had not been in the best of health for some time past but it was not until Wednesday that his condition became such as to alarm his family. On Thursday he seemed to be as strong as on the previous day, but about ten o'clock it became evident that the end was near and at 10:30 he quietly passed away.

Mr. Hull was born in New York and counted among his relatives some of the best families of that State. As a young man he came to California and for awhile successfully followed mining, and later engaged in his trade as a brick-maker. In the 50's he moved to this valley and one of his first jobs was burning the brick for the Court House here. He manufactured the brick for nearly all the brick buildings erected in this city and followed brick-making for many years, securing much of the clay from the farm where he lived and died.

Mr. Hull was an honest upright man and had the confidence and esteem of all who knew him. While in San Carlos he had close associations with the late Hon. T. G. Phelps and named one of his sons after Mr. Phelps.

Through thrift and industry Mr. Hull was enabled to live out his latter years in quiet and rest, but being an active man he helped as long as he could with the management of his son Asa's dairy business. Throughout his whole life Mr. Hull had few sad experiences until the death of his son Henry, which occurred three months ago, the shock of which probably hastened the demise of the aged father.

The deceased leaves to mourn him a loving wife, one daughter, Mrs. Richard Shields, of San Carlos and two sons, Guy of Lordsburg, New Mexico and Asa, who conducts the San Carlos dairy.

The funeral will take place from his late residence at San Carlos to-morrow at 12:30 o'clock, thence to the Catholic Church at San Mateo, where services will be he held at 1:30. Interment will be in St. John's cemetery, San Mateo.

Guy P. Hull will arrive from New Mexico this evening to attend the funeral of his aged parent.

WEDDED IN THE FAR NORTH.

Former San Mateo County Boy Captures a Bride at Dawson.

Mr. W. W. O'Leary, son of Mr. and Mrs. Timothy O'Leary, who are well known in this county, was united in marriage to Miss Mary A. Dalton at Dawson City recently. During the gold excitement in the North some years ago, Mr. O'Leary went to Dawson and engaged in mining and was very successful. His boyhood was spent in the Alpine District. The following is an account of the wedding that appeared in the Dawson City Journal:

A blushing bride and an expectant groom were the leading characters in an interesting ceremony at St. Marys church yesterday morning at 8 o'clock by which Mr. W. W. O'Leary and Miss Mary A. Dalton were united in marriage, the nuptial knot being tied by the Rev. Father Lefevre. The bridesmaid was Miss Maggie Dalton, a sister of the bride, A. L. Hatton officiating as the best man. The bride was also attended by her mother and Mrs. Hatton.

Both the bride and groom are well known residents of Bonanza, having resided at 36 above for the past three years, where the latter is conducting a popular road house. Following the impressive service the happy couple with their friends entered carriages and were driven to the Regina, where a very pretty wedding breakfast was served. They will remain in the city for a few days, then return to 36 for the winter. At the opening of navigation it is their intention to try their fortune in Tanana.

HAYES A WINNING CARD.

His Election to Congress From the Fifth District Assured.

This is the quietest campaign on record. It is not the quiet of apathy, but of thought. The great mass of independant voters are intending to go to the polls and quietly but thoughtfully cast their votes. They intend to continue the present condition of affairs—a condition never yet excelled. Mark our words. Theodore Roosevelt will be reelected by as overwhelming a majority as was given Grant over Greely in 1872.

He will be upheld by a cooperative congress by loyal supporters. This same condition of quiet determination prevails in this district. Voters are measuring Hayes and Wynn and indications multiply that a heavy vote is going for Hayes for present conditions and policy. Hayes will have a surprising majority.

For lack of anything else our esteemed Democratic contemporaries are urging the reelection of Mr. Wynn because of his sterling, magnificent services in the past. His successful career deserves continuance.

We wish that the solid citizens of this county could have been in Washington at the last session of Congress to note the occupation of the representatives of California. Every morning long before the noon hour for the meeting of the House, they would have found Mr. Metcalf, of Oakland, hard at work in the Committee of Ways and Means; Mr. Gillett with coat off, digging away in the Committee on Judiciary; Mr Needham in the Committee on Public Lands; Mr. McLachlan busy with naval affairs and rivers and harbors, and Mr. Daniels in the room of his leading committee, all doing the public business of the people who sent them there While Mr. Livernash and Mr. Wynn were not found among the workers of the House. The truth is that Speaker Cannon put them on such committees as were selected by John Sharp Williams, the Democratic leader of the House. Cannon placed the Republican members and Williams the Democratic members.

If Livernash and Wynn were put on subordinate committees it was because Mr. Williams took their measure and placed them where they fit. One of the strong reasons for leaving them both at home now is the indifferent estimate put upon them by the leader of their own side of the House. They had do strength, no popularity and no standing with the Democrats. If Mr. Williams had thought Mr. Livernash deserving he could have put him on the committee of Ways and Means, giving California two members of the leading committees of the House. But he did not do it. Mr. Williams will be the leader of the minority in the next House, and there is no evidence that his opinion of Livernash and Wynn will improve and meantime. Then these great districts containing the American metropolis of the Pacific with the greatest interest in the commerce of that ocean and the greatest stake in its development, will be left with no voice in any committee that can influence its destiny if it chooses to return its two vacancies to the House.

We care but little for the partisan aspect of this issue, nor does that consideration figure influentially with Democrats, for Livernash and Wynn have nothing in common with real Democracy, and both repudiate the Democratic party in classifying themselves in the Congressional Directory. If there were in the House from San Francisco a Democrat of the force, common sense and influence of Stephen M. White, there would be good sense in keeping him there. But what a vast distance is between Stephen M. White and Livernash ane Wynn.

We cannot think that these two seats are any longer debatable. We believe that Kahn and Hayes are sure of election and that the San Francisco districts will again go on the map.

SAN FRANCISCO SEAWALL ACT.

CHAPTER CCXI.

An act to provide for the issuance and sale of State Bonds to create a fund for the construction by the Board of State Harbor Commissioners of a seawall and appurtenances in the City and County of San Francisco; to create a sinking fund for the payment of said bonds; and providing for the submission of this act to a vote of the people.

(Approved March 20, 1903.)

The people of the State of California, represented in Senate and Assembly, do enact as follows:

Section 1. For the purpose of providing a fund for the payment of the indebtedness hereby authorized to be incurred by the board of state harbor commissioners for the erection of a seawall and appurtenances in the City and County of San Francisco, at a cost not to exceed two million dollars (which said seawall and appurtenances the board of state harbor commissioners are hereby empowered to construct in the manner authorized by law, and at a cost not to exceed said two million dollars), the state treasurer shall, immediately after the issuance of the proclamation of the governor, provided for in section ten hereof, prepare two thousand suitable bonds of the state of California, in the denomination of one thousand dollars each. The whole issue of said bonds shall not exceed the sum of two million dollars, and said bonds shall bear interest at the rate of four per centum per annum, from the time of the sale thereof, and both principal and interest shall be payable in gold coin of the present standard of value, and they shall be payable at the office of the state treasurer, at the expiration of nineteen years from their date, subject, however, to redemption by lot as in this act hereinafter provided. Said bonds shall bear date, the second day of January, A. D. nineteen hundred and five, and shall be made payable on the second day of January, nineteen hundred and twenty-four A. D. The interest accruing on such of said bonds as are sold, shall be due and payable at the office of the said state treasurer on the second day of January, and on the second day of July, of each year after the sale of the same; provided, that the first payment of interest shall be made on the second day of January, A. D. nineteen hundred and six, on so many of said bonds as may have been theretofore sold. At the expiration of nineteen years from the date of said bonds, all bonds sold shall cease to bear interest, and, likewise, all bonds redeemed by lot shall cease to bear interest as in this act provided, and the said state treasurer shall call in, forthwith pay, and cancel the same, out of the moneys in the San Francisco seawall sinking fund provided for in this act, and he shall, on the first Monday of January, nineteen hundred and twenty-four, also cancel and destroy all bonds not theretofore sold. All bonds issued shall be signed by the governor, and countersigned by the controller, and shall be endorsed by the state treasurer, and each shall have the seal of the state stamped thereon. Each bond shall contain a clause that it is subject to redemption by lot after the year 1914.

Sec. 2. Interest coupons shall be attached to each of said bonds, so that such coupons may be removed without injury to or mutilation of the bond. Said coupons shall be consecutively numbered, and shall be signed by the state treasurer. But no interest on any of said bonds shall be paid for any time which may intervene between the date of any of said bonds and the issue and sale thereof to a purchaser.

Sec. 3. The sum of one thousand dollars is hereby appropriated to pay the expense that may be incurred by the state treasurer in having said bonds prepared. Said amount shall be paid out of the San Francisco harbor improvement fund on controller's warrants duly drawn for that purpose.

Sec. 4. When the bonds authorized to be issued under this act shall be duly executed, they shall be by the state treasurer sold at public auction to the highest bidder for cash, in such parcels and numbers as said treasurer shall be directed by the governor of the state, under the seal thereof, after a resolution requesting such sale shall have been adopted by the board of state harbor commissioners; but said treasurer must reject any and all bids for said bonds, or for any of them, which shall be below the par value of said bonds so offered; and he may, by public announcement at the place and time fixed for the sale, continue such sale, as to the whole of the bonds offered, or any part thereof offered, to such time and place as he may select. Due notice of the time and place of sale of all bonds must be given by said treasurer by publication in two newspapers published in the city and county of San Francisco, and also by publication in one newspaper published in the city of Oakland, and by publication in one newspaper published in the city of Los Angeles, and by publication in one newspaper published in the city of Sacramento, once a week during four weeks prior to such sale. The costs of such publication shall be paid out of the San Francisco harbor improvement fund, on controller's warrants duly drawn for that purpose. The proceeds of the sale of such bonds shall be forthwith paid over by said treasurer into the treasury, and must be by him kept in a separate fund, to be known and designated as the "San Francisco Seawall Fund" and must be used exclusively for the construction of seawalls and appurtenances thereto on the water front of the city and county of San Francisco. Drafts and warrants upon said fund shall be drawn upon and shall be paid out of said fund in the same manner as drafts and warrants are drawn upon and paid out of the San Francisco harbor improvement fund.

Sec. 5. For the payment of the principal and interest of said bonds a sinking fund, to be known and designated as the "San Francisco Seawall Sinking Fund" shall be and the same is hereby created, as follows: The state treasurer shall, on the first day of each and every month after the sale of said bonds, take from the San Francisco harbor improvement fund such sum as, multiplied by the time the bonds then sold and outstanding have to run, will equal the principal of the bonds sold and outstanding at the time said treasurer shall so take said sum from said San Francisco harbor improvement fund, less the amount theretofore taken therefrom for said purpose; and he shall place the sum in the San Francisco seawall sinking fund created by this act. Said state treasurer shall, on controller's warrants duly drawn for that purpose, employ the moneys in said sinking fund in the purchase of bonds of the United States, or of the state of California, or of the several counties or municipalities of the state of California, which said bonds shall be kept in a proper receptacle, appropriately labeled; but he must keep always on hand a sufficient amount of money in said sinking fund with which to pay the interest on such of the state bonds herein provided to be issued as may have theretofore been sold. And to provide means for the payment of interest on the bonds that may be sold and outstanding, said treasurer shall monthly take from the San Francisco harbor improvement fund, and pay into said seawall sinking fund, an amount equal to the monthly interest then due on all bonds then sold, delivered and outstanding. The board of state harbor commissioners are hereby authorized and directed by the collection of dockage, tolls, rents, wharfage and cranage, to collect a sum of money sufficient for the purposes of this act, over and above the amount limited by section two thousand five hundred and twenty-six of the Political Code of the state of California. Between the first and the tenth day of November, in the year nineteen hundred and fourteen, and between the first and the tenth day of November of each year thereafter until the maturity of said bonds, the said treasurer shall, in the presence of the governor, proceed to draw by lots such an amount of bonds as shall be requisite to exhaust as nearly as may be the amount in said sinking fund at that time, and shall thereupon and before the tenth day of December following, give notice by public advertisement to be inserted twice a week for two weeks in two newspapers published in the city and county of San Francisco, and also in one newspaper published in the city of Oakland, and also in one newspaper published in the city of Los Angeles, and also in one newspaper published in the city of Sacramento, stating the number of bonds so drawn and that the principal of said bonds will be paid on presentation to the treasurer on or before the second day of January, following, and that from and after such last named date all interest upon bonds thus drawn shall cease and it shall be the duty of the treasurer as soon as said bonds so drawn by lot are surrendered to him and paid to cancel the same and the interest coupons thereon, and each year beginning with the year 1914 the said treasurer shall, in the manner aforesaid, proceed to draw by lot such an amount of bonds as shall be requisite to exhaust as nearly as may be the amount in said sinking fund, and proceed in the manner hereabove stated. After the payment of all of said bonds, the surplus or balance remaining in said sinking fund, if any there be, shall forthwith be paid into the San Francisco harbor improvement fund. At the time of the respective drawings by lot as aforesaid, and also at the maturity of said state bonds, said treasurer shall sell the United States or other bonds then in said sinking fund, at governing market rates, after advertising the sale thereof in the manner hereinbefore provided for the sale of bonds hereby authorized to be issued, and shall use the proceeds for the payment of such bonds as may be drawn by lot, and at the maturity of said bonds outstanding shall pay and redeem said matured outstanding bonds out of said moneys in said fund in extinguishment of said bonds on controller's warrants duly drawn for that purpose.

Sec. 6. The state controller and the state treasurer shall keep full and particular account and record of all their proceedings under this act, and they shall transmit to the governor an abstract of all such proceedings thereunder, with an annual report, to be by the governor laid before the legislature biennially; and all books and papers pertaining to the matter provided for in this act shall at all times be open to the inspection of any party interested, or the governor, or the attorney-general, or a committee of either branch of the legislature, or a joint committee of both, or any citizen of the state.

Sec. 7. It shall be the duty of the state treasurer to pay the interest of said bonds, when the same falls due, out of the sinking fund provided for in this act, on controller's warrants duly drawn for that purpose.

Sec. 8. This act, if adopted by the people, shall take effect on the thirty-first day of December, A. D. nineteen hundred and four, as to all its provisions except those relating to and necessary for its submission to the people, and for returning, canvassing, and proclaiming the votes, and as to said excepted provisions this act shall take effect immediately.

Sec. 9. This act shall be submitted to the people of the state of California for their ratification at the next general election, to be holden in the month of November, A. D. nineteen hundred and four; and all ballots at said election shall have printed thereon, and at the end thereof, the words "For the San Francisco Seawall Act," and in a separate line under the same the words "Against the San Francisco Seawall Act," and opposite said lines there shall be left spaces in which the voters may make or stamp a cross to indicate whether they vote for or against the said act, and those voting for said act shall do so by placing a cross opposite the words "For the San Francisco Seawall Act," and all those voting against the said act shall do so by placing a cross opposite the words "Against the San Francisco Seawall Act." The governor of this state shall include the submission of this act to the people, as aforesaid, in his proclamation calling for said general election.

Sec. 10. The votes cast for or against this act shall be counted, returned and canvassed and declared in the same manner and subject to the same rules as votes cast for state officers; and if it appear that said act shall have received a majority of all the votes cast for and against it at such election, as aforesaid, then the same shall have effect as hereinbefore provided, and shall be irrepealable until the principal and interest of the liabilities herein created shall be paid and discharged, and the governor shall make proclamation thereof; but if a majority of the votes cast as aforesaid are against this act, then the same shall be and become void.

Sec. 11. This act may be known and cited as the "San Francisco Seawall Act."

Sec. 12. All acts and parts of acts in conflict with the provision of this act are hereby repealed.
